

AARYAN PUROHIT

ap8982@srmist.edu.in | 9784516166 | 2027
B.Tech, Computer Science and Engineering
Address : Boys Hostel, SRM RAMAPURAM, Ramapuram, Chennai, Tamil Nadu

Summary

Computer Science undergraduate with experience building AI-powered web applications using Python, React, FastAPI, and modern development tools. Passionate about shipping real-world products, solving complex problems, and developing scalable software systems in fast-paced startup environments.

Education

SRM IST-Ramapuram B.Tech · Computer Science and Engineering	2027 CGPA - 8.23/10
---	------------------------

Skills

Programming Languages: Python, Java, JavaScript, HTML
Languages and Frameworks: React, CSS
Technical Skills: FastAPI, RestAPI
Domain Knowledge: NLP, DistilBERT, Machine Learning, Data Structures & Algorithms, OOPS, DBMS, Operating Systems
Tools and Technologies: Git, GitHub, VS Code, Postman

Projects

Legal Intelligence System GitHub repo · React, HTML and JS	Feb 2026 - Present AI & ML
- Built a full-stack legal document analysis platform using React and modern web technologies - Developed document upload and processing workflows for automated legal text analysis - Generated AI-powered insights including credibility scores, summaries, and keyword extraction - Designed an intuitive user interface to help users quickly understand complex legal documents - Deployed URL - https://legal-intelligence-system.vercel.app/	
Fake News Detection GitHub repo · Regression, React and FastAPI	Dec 2025 - Feb 2026 Machine Learning
- Developed a full-stack fake news detection application using React and FastAPI - Built an NLP pipeline for text preprocessing, tokenization, and feature extraction - Implemented machine learning models to classify news articles as real or fake - Created an interactive prediction interface for real-time news verification - Deployed URL - https://lucid-verify-fact-checker.vercel.app/	
Mental Health Detection GitHub repo · Python, NLP and DistilBERT	Nov 2025 - Dec 2025 NLP
- Built a text analysis system to detect mental health signals - Used NLP techniques to classify emotional sentiment - Designed system for early awareness and support intervention	

Certifications

Oracle Certification View Certificate Oracle · 103055591OCI25AICFA	Oct 2025 - Oct 2027
Full Stack Web Development View Certificate Udemy · 0004	Oct 2025
